MEMBERSHIPS IN EDITORIAL BOARDS & REVIEW PANNELS OF JOURNALS

Member, Editorial Board – University Calendar 2018/2019, University of Peradeniya (Since December, 2017).

Member –Review Panel-Journal of Agribusiness in Developing and Emerging Economies (Since May 2017).

Member- Editorial Review Board of “Amity Journal of Agribusiness ” (since march 2016).

Member- Editorial board of the International Journal of Agricultural Policy and Research published by Journal Issues (<http://journalissues.org/journals-home.php?id=1>) Since November 2012.

Editor-Sri Lankan Journal of Agricultural Economics from 2006 to 2012.

RECENT MEMBERSHIPS OF OTHER REVIEW PANNELS

Programme Reviewer - University Grants Commission of Sri Lanka- June 2018 to date).

Member - Business Proposal Evaluation Committee (BPEC) meeting on Livelihood Improvement of Smallholder Tea Farmers through Joint Investment and Value Addition Project. National Agribusiness Development Programme

(NADeP). Presidential Secretariat-Development and Special Projects (31st July 2017).

Member - Programme Review Panel appointed by the Ministry of Higher Education, Sri Lanka, for Evaluating an MBA Programme offered by a leading private sector higher educational institution of Sri Lanka (2016 November to date).

Peer Reviewer- Promoting University-Industry Collaboration in Sri Lanka: Status, Case Studies and Policy Options Developed from a Study Conducted by the Higher Education for Twenty First Century (HECT) Project in Collaboration with the World Bank counter parts in Sri Lanka (December 2015).

Honorary Consultant/Reviewer- Reviewing the curriculum of the degree programme on “Entrepreneurship and Innovation” for Uva-Welllassa University of Sri Lanka, June 2015.

Reviewer- A research proposal on Entrepreneurship for WOTRO Science for Global Development(Aanvraagformulier Productive Employment 2013 WOTRO) The Netherlands (February 2014).

RESEARCH INVOLVEMENTS

Principle investigator- An exploratory study of entrepreneurship in Oman (from 1st January 2015 to 14th August 2016), and co-researcher until 31st December 2017.

Co-Researcher - Implications of Doha Agreement on the Dairy Sector in Sri Lanka Sponsored by: South Asian Network of Economic Research Institutes (SANEI)-2007/2008.

Visiting Researcher and Member/Consultation Committee In Entrepreneurship – Warm water fish production as a niche production and market diversification strategy for organic arable farmers (in the United Kingdom) with implications for sustainability and public health conducted by Institute of Aquaculture, Department of Marketing and Department of Nursing and Midwifery, University of Stirling, UK funded by RELU (Rural Economy and Land Use) U.K. Principal investigators Dr. Dave Little, Institute of Aquaculture and Dr. James A Young, Department of Marketing (2006-2008).

Researcher - Evolution of Food Retail Chains in Sri Lanka in Marketing/supply chain analysis The study aims to examine the extent to which supermarkets have contributed in increasing the wellbeing of small holders, efficiency and effectiveness of food marketing and the improvement of quality and safety standard of the products sold at supermarkets. It will assess whether the emergence of supermarkets have actually contributed to the improvement of the welfare of various segments in the society including producers, consumers and other retailers-Funded by the International Food Policy Research Institute (IFPRI). 2004 to 2006.

Researcher - Globalization and Distribution in Sri Lanka-The purpose of this study is to assess the impact of globalization on distribution of welfare in Sri Lanka- Funded by International Development Research Centre (IDRC). November 2004 to August 2005.

Local Team Leader/Coordinator & Researcher in Marketing - MAMAS -(Managing Agrochemicals in Multi Use Aquatic Systems Project) in collaboration with Institute of Aquaculture, University of Stirling, UK - Involves Participatory Community Appraisals to identify target and reference sites for studying the effects of agrochemical when applied in multi use aquatic systems. Identification of worse case scenarios in terms of pesticide application and entry routes, socio-economic aspects of pesticide application, cropping practices and income generation / livelihood activities of the farmers in Mahaweli System H. The relationship of pesticide application Vs socioeconomic status, land ownership, irrigation water availability is also researched into. The final aim of the research is to develop a decision support system for farmers, agriculture extension officers, pesticide regulators and marketers where I am responsible for the socio-economic aspects.-Funded by EEC (January 2002 to December 2005).
